Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Exeter, qualified to vote in Town Affairs:

You are hereby notified to meet in the Town Hall, in said town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1st. To choose by ballot and plurality vote a town clerk.

2nd. To choose by ballot and plurality vote one selectman for three years.

3rd. To choose by ballot and plurality vote one trustee of the Robinson Female Seminary for the term of seven years.

4th. To choose by ballot and plurality vote one trustee of the trust funds held by the Town of Exeter, to hold office for three years.

5th. To choose by ballot and plurality vote one trustee of the Swasey Parkway.

6th. To choose all other necessary town officers, auditors, or committees for the ensuing year.

7th. To raise such sums of money as may be necessary for the maintenance of the poor, for repairing highways, for repairing and building bridges, for repairing and building sidewalks, for building drains and sewers, for oiling the streets, for payment of the town debt, for lighting streets, for defraying expenses of decorating the graves of all soldiers, for preventing the spread of insect pests within the town, and for other charges arising within the town, and for the payment of the firemen for the ensuing year.

8th. To hear the reports of the committees heretofore chosen and pass any votes arising therefrom.

9th. To see what sum of money the town will raise and appropriate for the use of the Robinson Female Seminary during the coming year.

10th. On petition of Arthur C. Watson and ten others, to

see if the town will vote to institute daylight saving time to commence each year on the last Sunday in April and to end the last Sunday in September.

11th. On petition of Alma C. Kusiak and twelve others, to see if the Town will vote to buy sufficient land and straighten and regrade Summer Street, and appropriate a sufficient sum of money for the same.

12th. On petition of Alvin E. Foss and ten others to see if the Town will vote to install an electric light between the two wooden bridges at the foot of Mill Hill.

13th. On petition of Fred A. Moore and sixty-six others, to see if the Town will vote to appropriate the sum of six hundred dollars for the purpose of defraying the expense of a series of ten band concerts to be played in the Swasey Pavilion, by the Exeter Brass Band, during the summer season of this year.

14th. On petition of F. Leroy Junkins and sixteen others, to see if the Town will vote to build a dam on the northerly side of Hampton road across Ash Brook for the purpose of fire protection and appropriate the sum of seven hundred dollars for the same.

15th. On petition of Elizabeth J. O'Neil and one hundred and fourteen others, to see if the Town will appropriate five hundred dollars for cleaning out Seminary Pond and otherwise improving the sanitary condition of the pond.

16th. On petition of Frank W. Parker and forty-six others, to see if the Town will vote to purchase a small piece of fire apparatus to be placed west of the Boston & Maine railroad tracks, and appropriate money for the same.

17th. On petition of Edward Campbell and ten others, to see what action the Town will take upon any or all recommendations which may be contained in the report to be submitted to the voters at the March meeting, 1932, by the committee which was chosen at the last town meeting to act concerning the electric street lighting of the town; and to appropriate money for the same.

18th. On petition of Ralph E. Meras and nineteen others, to see if the Town will vote to discontinue paying fire insurance

premiums, and instead to place the sum of one thousand dollars each year in Exeter Savings Banks, until the sum of such deposits with interest shall amount to twenty-five thousand dollars, when said annual deposits shall cease, and the interest on said principal shall be used as the regular funds of the Town.

19th. To see if the Town will vote to instruct the Boston & Maine Railroad to maintain crossing tenders at the Front Street and Main Street crossings for twenty-four hours each day, and to employ local help as far as possible.

20th. On petition of H. C. Burrows and fourteen others, to see if the Town will vote to appropriate the sum of fifteen hundred dollars to reimburse the miscellaneous fund for the cost of the new chimney, stairway, and moving the boiler in the Town Hall.

Given under our hands and seals this twenty-second day of February, 1932.

Chief Engineer's Report

I respectfully submit my annual report as chief engineer of the Fire Department, giving account of calls for fires for the year ending February 1, 1931.

Box alarms, nine, of which one was false.

Chimney fires	39
Grass fires	16
Brush fires	8
Dump fires	4
Oil fires	2
Telephone calls for small fires such as auto, bon-fires, no loss	10

Value of buildings damaged by fire	$184,900.00
Insurance on buildings damaged by fire	85,300.00
Insurance paid on buildings damaged by fire	10,037.00

We have answered calls for assistance for fires in Stratham, nine times; Kensington, three times; Brentwood, three times; Greenland, once; Newmarket, once; Kingston, once; Dover, once.

In the latter part of the past year we had a reservoir built on Newfields Road for fire purposes which will be a help to those living on the road. We hope to do the same thing for the residents of Hampton Road on Dow's hill and this side this year if the voters will approve an article in the warrant for the same. Also a new truck for Hose 1 on Main Street.

In closing I wish to thank the members of the department for their support.

GEORGE F. ADAMS,
Chief.

Sidewalks

During the past year, 1703 square yards of permanent walks were built as follows:

Concrete 450 yards.

Tarvia Lithic, 400 square yards. This material is made of crushed stone and treated with a tar product at the plant and hauled to the job to be spread and rolled. Some of this walk was built on Main Street.

Asphalt walks, 853 square yards.

Last year 1734 square yards of permanent walks were built, making a total of 3,437 square yards of walks.

A sum of money should be appropriated each year for sidewalks.

This past year 165 men have been given some work with the Highway Department.

The past year 6,545 square yards of gravel has been hauled on to the roads and streets.

Care of Trees

During the past year, thirty-one large dead trees have been taken down and the dead limbs removed from many more. There are a number of trees dying that will soon have to be removed and a great many have the dead limbs cut away before they fall.

Some of our large elms are decayed at the center of the butt, which do not show unless examined closely. A number are split where the large limbs branch out at the main part of the tree.

The care of the trees should be continued if the trees of the

town are to be preserved. New trees should be set out in spaces that are beginning to look bare.

A sum of money should be appropriated each year for the care of trees.

There are several roads leading into Exeter that are in need of surfacing. Kingston Road has had a good start. Two thousand, eight hundred feet have been graded and will have tar applied early in the coming summer.

Brentwood Road should have some grading.

Highland Street should be graded and tarred, as the street and sidewalks wash away very badly after rain storms.

McKinley Street has never had any work done on it and is in a very bad condition.

Bell Avenue is a mud hole in the spring and should be repaired.

Other streets that have been neglected are Charles, Tremont, Daniel, Summer and Pickpocket Road.

Owing to the open winter of freezing and thawing, the streets and roads have broken up in places quite badly and will need more tar than usual to put them back in proper condition.

Several streets that have not had tar for a few years will have to be treated this year.

Streets and roads in need of surface treatment should be attended to as delays in this work are expensive.

ALVIN E. FOSS,

Highway Agent.

American Society of Landscape Architects.
Marine Research Society.
Phillips Exeter Academy.
Rand McNally Company.

Thirty-four magazines have been sent us as gifts, and many pamphlets.

During the past year an inventory of the non-fiction has been taken, and more subject headings added to the card catalog.

The late Mrs. Bailey, daughter of Governor Bell, left to the library the copies of *Bell's History of Exeter* remaining in her possession. This is a very valuable gift since the book has long been out of print. She also left us a very interesting collection of post cards collected in foreign countries.

In September four trustees and the librarian attended an interesting district meeting in the Gale Library in Newton.

Children's book week was celebrated as usual in November. Each child visiting the children's room was given a book mark.

We have added the *United States Daily* and the *Parents' Magazine* to our list of periodicals.

The circulation has increased this year by 1950 books.

Town Hall Remodeling

For the benefit of those who may read this report, but who can not inspect the alterations, a brief statement may be worth while. Careful consideration was given to the plans of many architects, and eminent engineers were consulted. The alterations as carried out are with slight variations and refinements, according to the plan as originally conceived.

Every member of the committee gave a great deal of time and thought to the work from the beginning to the end. Mr. Burrows deserves special credit for persistent efforts which resulted in moving the old boiler to the new boiler-room. The larger of the old boilers and the new boiler are now in one practically fire-proof room. To accomplish this a new chimney and changes in the piping, plumbing and arrangement of the rear rooms was necessary.

The selectmen deserve credit for their decision to make available funds "not to exceed $1,500.00" to assure this more economical heating plant.

The very light gray cast stone facing of the north and west walls of the present first floor with its artistic yet dignified "revealed" blocks makes a very effective base section for the white trimmed, high posted, two stories above. The central entrance on Water Street with its stone columns, double doors and wrought-iron lamp is dignified and attractive. A central lobby eleven feet wide runs through to the rear corridor. Off the lobby to the right is the police court and general community room. This room is approximately 24 x 28 feet and is the largest of the eighteen finished rooms (counting the two fire-proof vaults). It gets ample light from three large windows facing Water Street. The French style double doors, and the windows to match that open into the rear corridor are glazed with attractive ground glass. It is completely and well furnished in oak with settees, desks, tables and chairs. The judge's desk is on a raised platform, at the left of which is a witness stand. There is a prisoner's dock, and heavy posts

and railing enclose a central space for attorneys and others having business before the court. The police public room is entered by a door directly at the left, and the private conference room by a door directly at the right of the judge's desk and is therefore easily accessible for use of either police or court. The men's rest and toilet rooms are at the west end, beyond the police rooms. They are light, and attractively fitted with all modern conveniences, including a drinking fountain. The women's rooms are at the extreme eastern end. The rest and toilet rooms and the central lobby have attractive tile-tex floors. The selectmen's rooms are directly off the main lobby to the left. The superintendent of school's rooms are between the selectmen's rooms and the women's rest rooms. Each of these suites have a private conference room and a fire-proof vault. Back of the finished corridor that runs practically the full length of the building are: the boiler-room, women's detention room, tramp room, cell room, meter and storage room and rear stair hall. The cell-room has a large window, a lavatory with hot and cold water and a central drain to which the cement floor slants from all directions, making it easy to clean. The cells are modern steel cages and each has a flush closet. There is ample heat, so the expense and unsanitary elements of bedding are eliminated. Inside walls and partitions are of gray, buff, terra-cotta and brown brick and tile; they are attractive and substantial.

The court room is said to be once of the best in the state, and the rest rooms have been highly praised by Exeter citizens and visitors alike.

Your committee is grateful for the helpful suggestions and co-operation of many citizens. The cost of the improvements planned by the committee has exceeded the appropriation very little if any. It is impossible to make an exact allocation of the costs. For example—water and gas services that would need to be renewed in a few years now have a natural life of more than fifty years ahead of them, and it was found advisable to make a few repairs above the basement. The committee feels that it secured exceptionally favorable contracts and that the benefits that will accrue to the town are greater than generally realized.

Hendrick & Hayward, of Boston, were the architects and were untiring in their efforts to please the committee, making plans over to meet the requirements. Edmund J. Rappoli, of Cambridge, Mass., was the lowest bidder and was awarded the general construction contract; Hilliard & Kimball, of Exeter, secured the heating contract; Chisholm Plumbing and Heating Co., of Lowell, the plumbing and Alexander Plouffe, Jr., of Exeter, the electrical contract. All contracts were awarded to the lowest bidder. The work was well done in every case, due in part to constant inspection by the committee. Mr. Hayes was especially generous in giving his time. The very large granite blocks of the old wall were used for the new foundation, which was laid amply deep, and is capable of sustaining a building double the weight of the Town Hall. The selectmen have provided the rest rooms with paper towels, soap, and disinfectant with proper receptacles, so that they can easily be kept sanitary and orderly. A financial statement follows:

Change in Personnel

Miss Edith Tufts, a graduate of Keene Normal School, succeeded Miss Hazel Stewart, the teacher of the seventh grade who was married last June.

Miss Marion E. Berquist, a graduate of the University of New Hampshire, became the teacher of Latin and Sociology, filling the vacancy caused by the resignation of Miss Hester D. Waldron, who is now teaching in Calhoun, Alabama.

Miss Barbara V. Clark, secretary.

Cadet Teachers

Following the policy of co-operation with the University of New Hampshire, the Seminary has as cadet teachers during the winter term,

Miss Emma D. Brisson ..... *French*
Miss Ruth E. Dodge ..... *English and History*

Relations with Post-Secondary Institutions

The number of members of the class of 1931 who entered post-secondary institutions or continued their education in some special schools is as follows:

University of New Hampshire..... 5
Keene Normal School..... 2
Boston University..... 1
Jackson..... 1
Simmons College..... 1
Wellesley..... 1
Mount Ida..... 1
Elliot Hospital..... 1

Class of 1930

Wheaton College 1

State Reports

The report of the tests given to the Seniors in 1931 reveals the Seminary as *above* the *Standard* median in place geography, and *above* the *state* and *Standard* medians in English Forms. This comparative record is very gratifying.

Recommendations to Post-Secondary Institutions

Recommendation to post-secondary institutions are based on several factors; (1) scholastic record, (2) estimate of general ability as indicated by intelligence tests and judgment of teachers, (3) character. No one or two factors serve as an accurate guide. The Seminary would enlist the co-operation of parents in the consideration of the many phases of the question.

To assist in the appreciation of a student's record for the four years of high school, a graph is prepared showing a comparison with the standard for certification, 85%. The degree to which the student is above or below this standard during the four years is a fair index to the record she will make in college. Records show that the average student can reasonably expect to receive during the first year in college marks five to ten per cent lower than when in high school. It is therefore considered best for the Seminary to recommend only those with records which give indications of probable success. Eleventh hour plans for college entrance must be discouraged, but assistance will be given cheerfully to those who make known their plans at the proper time—early in their high school career.

Plan of Club Activities

Following the plan mentioned in the last annual report, the following clubs were formed. Meetings are held during the last period on Fridays. Each group meets once in four weeks.

Senior High Clubs	*Adviser*
Art	*Mrs. Sanborn*
Commercial	*Miss Waitt*
Dramatic	*Mr. Pirnie*
French	*Miss Perley*
Geology	*Mrs. Geremonty*
Home Economics	*Miss Bryant*
Latin	*Miss Berquist*
Literary	*Miss Jaques*
Sewing	*Miss Foss*

Junior High Clubs	*Adviser*
Art	*Mrs. Sanborn*
Dramatic	*Miss Loomer*
History	*Miss Baker*

Entertainments

December was the month of several interesting events at the Seminary. They started with a pleasing Musicale on December 8th, followed by Stunt night on the 11th, a group of plays for the benefit of the Community Council for Girls' Work on the 18th, and closed with the presentation of "Why the Chimes Rang," December 20th as the contribution of the Seminary to the Christmas Season. A most successful Junior Prom was held January 29th at the Town Hall.

Gifts to the Seminary

The completion of the tennis courts, the gift of Mrs. Annie Dearborn Randolph, increased very appreciably the facilities for sport during the summer and early fall. Even greater use will be made of them next spring.

Miss Annie M. Kilham demonstrated her kindly interest in the Seminary by the gift of a beautiful set of the latest edition of the Encyclopedia Britannica. Her present included an attractive brown mahogany table designed to hold the above set.

The teachers and students of the Seminary commend the spirit of the Alumnæ Association on its presentation to the school of the portraits of Miss Harriet E. Paine and Miss Annie M. Kilham, at the December meeting.

Two large, richly illustrated books on Egypt from Miss Elizabeth Thyng, and a banjo and mandolin from Mrs. Kendrick S. Doane were gratefully received.

Physical Education

Many people not intimately acquainted with the Seminary have a false conception of the physical education program. Some pupils contribute to this misconception by misleading reports.

The program includes calisthenics, games, folk and tap dancing and marching for indoor periods and seasonal sports outside during the fall and spring. Interclass competition

adds a little incentive. However, *no* girl is *compelled* to engage in any sport to an extent which would endanger her health. The principal and Miss Warren are always ready to consider individual cases and welcome information which will enable them to protect the health of any student.

This opportunity is taken to urge parents and physicians to guard against statements offered by girls who desire to be excused from physical education classes. In the past some who have obtained statements from physicians have engaged later in activities more strenuous than those required in the course of the classes. This is sufficient cause to watch carefully, and of course fairly, the reasons given by those who would be excused from that which has been demonstrated as a benefit to all.

Recommendations

1. Following the improvement of the stage in the auditorium, which has facilitated more satisfactory productions, the matter of curtains and draperies comes quickly to the front. The addition of draw curtains of velour and side and back drapes of rep will give a finished look to stage and make possible a wider range of activities. It is hoped that some fund to complete the project will be available in the near future.

2. Protection for permanent records is not sufficient at the present time. It is therefore recommended that additional protection be provided as soon as possible.

It has been a pleasure to greet many former students during the past year. May the next year bring added interest on the part of those who can so ably assist in maintianing the standard and record of Robinson Seminary.

Respectfully submitted,

JAMES A. PIRNIE,
Principal.
